“ When we see and read all these shared memories, it is all so clear just how many lives Dave touched. A genuine guy with a heart of gold, a great big personality and a Man who loves his family and friends deeply. We all agree, we lost a great guy way too soon. May he rest in Peace now and as Wendy said "We'll see ya later Dave."

“ It's still unbelievable to think Uncle David is gone from us. I have so many great childhood memories with David in them. Summer visits to International Falls my whole life always included David buying silly spray and picking on my Dad, David walking over with too many corn dogs for us all to share at the 4th of July parade, visits to his house with Jane in the country. David and my dad took me on my very first camping trip. His laugh and smile were always comforting. I will always think of you relaxing by the river near your log cabin. I hope you are enjoying Heaven with Janet, Grandpa and Grandma.

“ On behalf of the class of 1978, our love and condolences to Dave's family. While I personally have not seen Dave for several years, I knew him all the way back to our days at St. Thomas. Rest In Peace, Dave.

“ David was my friend and fishing buddy! I will always remember his humor, his laugh, and his joy in pulling a good joke! He was always a kind and generous man and friend! He has left us, but he will always be with us in our hearts and memories! May all of us celebrate David's life and always keep him with us every day! Peace, love and comfort to David's family, friends, all who will miss him. GOD's peace and comfort to us all!

“ Just a couple weeks ago we were texting about the ladybugs in our houses. You instantly said: "All on the west side of house I bet", me being directionally inclined, I didnt even try figure it out because you were always right. There are still ladybugs on my celing and I cant bring myself to get them because now they remind me of you.

You have always been someone in my life that I've highly looked up to and will forever love. There are so many great memories I will always have of you. One of my most favorite memories I have always held close is the day we got out of the hospital with Jayden. We went out to your house that evening. As soon as we came in the door, we didnt even have a chance to take Jayden out of his carseat yet and you came so fast out of your bedroom holding your baby picture you always had hanging on the wall. You held it up next to Jayden in his carseat and with the biggest smile and twinkling eyes, excitedly said to me: "Doesnt he look just like me?" ...he still does! Thank you so much for being one of the greatest grandpa's to Jayden and Jacksi. You meant the so very much to them as I know they did to you. They are absolutely devastated about grandpa. They have so many great memories of you and of Grandma Jane. I will continue to share those memories with them and keep memories of you alive.

“ Dave,

This has been a very hard week for me, but I am trying to wipe sadness and tears away by being thankful we crossed paths. You had a huge impact on my life both personally and professionally.

You filled my life with so many wonderful memories...capping your dad's huge deer the year I moved to I Falls, and consequently you and your dad inviting to me the shack, a tradition that lasted 33 years and only ended 8 days ago. You wearing a green hard hat with a huge smile on your face holding a bunch of locks telling me we need to lock out No.1 washer, acting like it was more fun than any of us were entitled to...the time we all laughed when Freeman called Vernon "dad" to his face...the time we got lost in the woods at night fetching a deer I shot at sunset, thinking we would spend the night in the woods. Laughing hysterically while we listened to "Radio Bingo" at the shack. All the times after I started Envoy Development and called you for advice.

I don't have very many close friends, but you were one of the best for over half my life, and it really was a privilege. Your passing closes a chapter in my own life, one I wasn't prepared to finish, but I am so grateful. Rest in peace.

Dave even shared the hunting shack with me, a "city slicker" that preferred a bow rather than a rifle. Michelle and I will always keep a special place in our hearts for Dave and Wendy.

Rest in Peace David.
